## THE **Latest** BUZZ (as of March 13 2017 morning)

(a Short Take On Present Buzz) by Mick Burton, Buzz Editor (& Hornets Treasurer a Deux, Current Contest Director for 2016/17 season)

**YES!** Now # 62 In case you are a new reader, the Issue number is off by one always, since # 0 was outset of this lark. That clarified or muddied, let's get to some actual important business!

**“ And THAT’s A WRAP ! We’re Now DONE with Region Nine Shows NOW UNTIL FALL ”**

***Linger over any and all evidence you may find online or in form of publication such as this one, for some time in weeks ahead , if you’re one who takes inspiration or rejuvenation of “building spirit” from “events”***

***Editor (and TC-13 Contest Director) confirmed to his satisfaction that until convincingly notified otherwise in PUBLISHED FORM, there are no other organized “public invitational events” by any Region Nine IPMS clubs until Reno High Rollers 18<sup>th</sup> Classic in September. Followed a week later by TriCity Thirteen, and now we have IPMS Silver Wings making an appreciated final effort for 2017 event year of ours with USS Hornet.***

***We’ve now also firm notice that October, not November, will effectively be the WrapUp for 2017 Events in the West Coast, as AVG’s Desert Classic 21 arrives on last Saturday of that month. So for those who have often had voiced “we shouldn’t be having so many events, Burton, we should have just a few good ones.” I can only say, “Be Careful What You Wish For, You NOW HAVE IT” (but perhaps not how you were picturing or wanted it...)***

***No problem confessing here, I am a long time Road Warrior and fan for “going to shows wherever whenever” even to points in past being tagged as a “Trophy Hoe” so my lamentation is in part , just selfish wistfulness. Yet also, a mild concern that less is not more, but just that, less in the future. Let’s hope I am utterly wrong –mick***

# A Second Look At Launch of Region NINE Event Year with SILVERCON 2017

Text/Photos: Mick Burton

Models: Modelers Aplenty

The Silver Wings chapter host us all again at the Town & Country Lutheran Church and School in Sacramento. Here is

another visit by the Editor, to expand on overall experience and focus on some of his favorite subjects amongst all this.

Plus of course, we'll give more of a taste of "signature" for each club in their shows, which just adds to the fun.

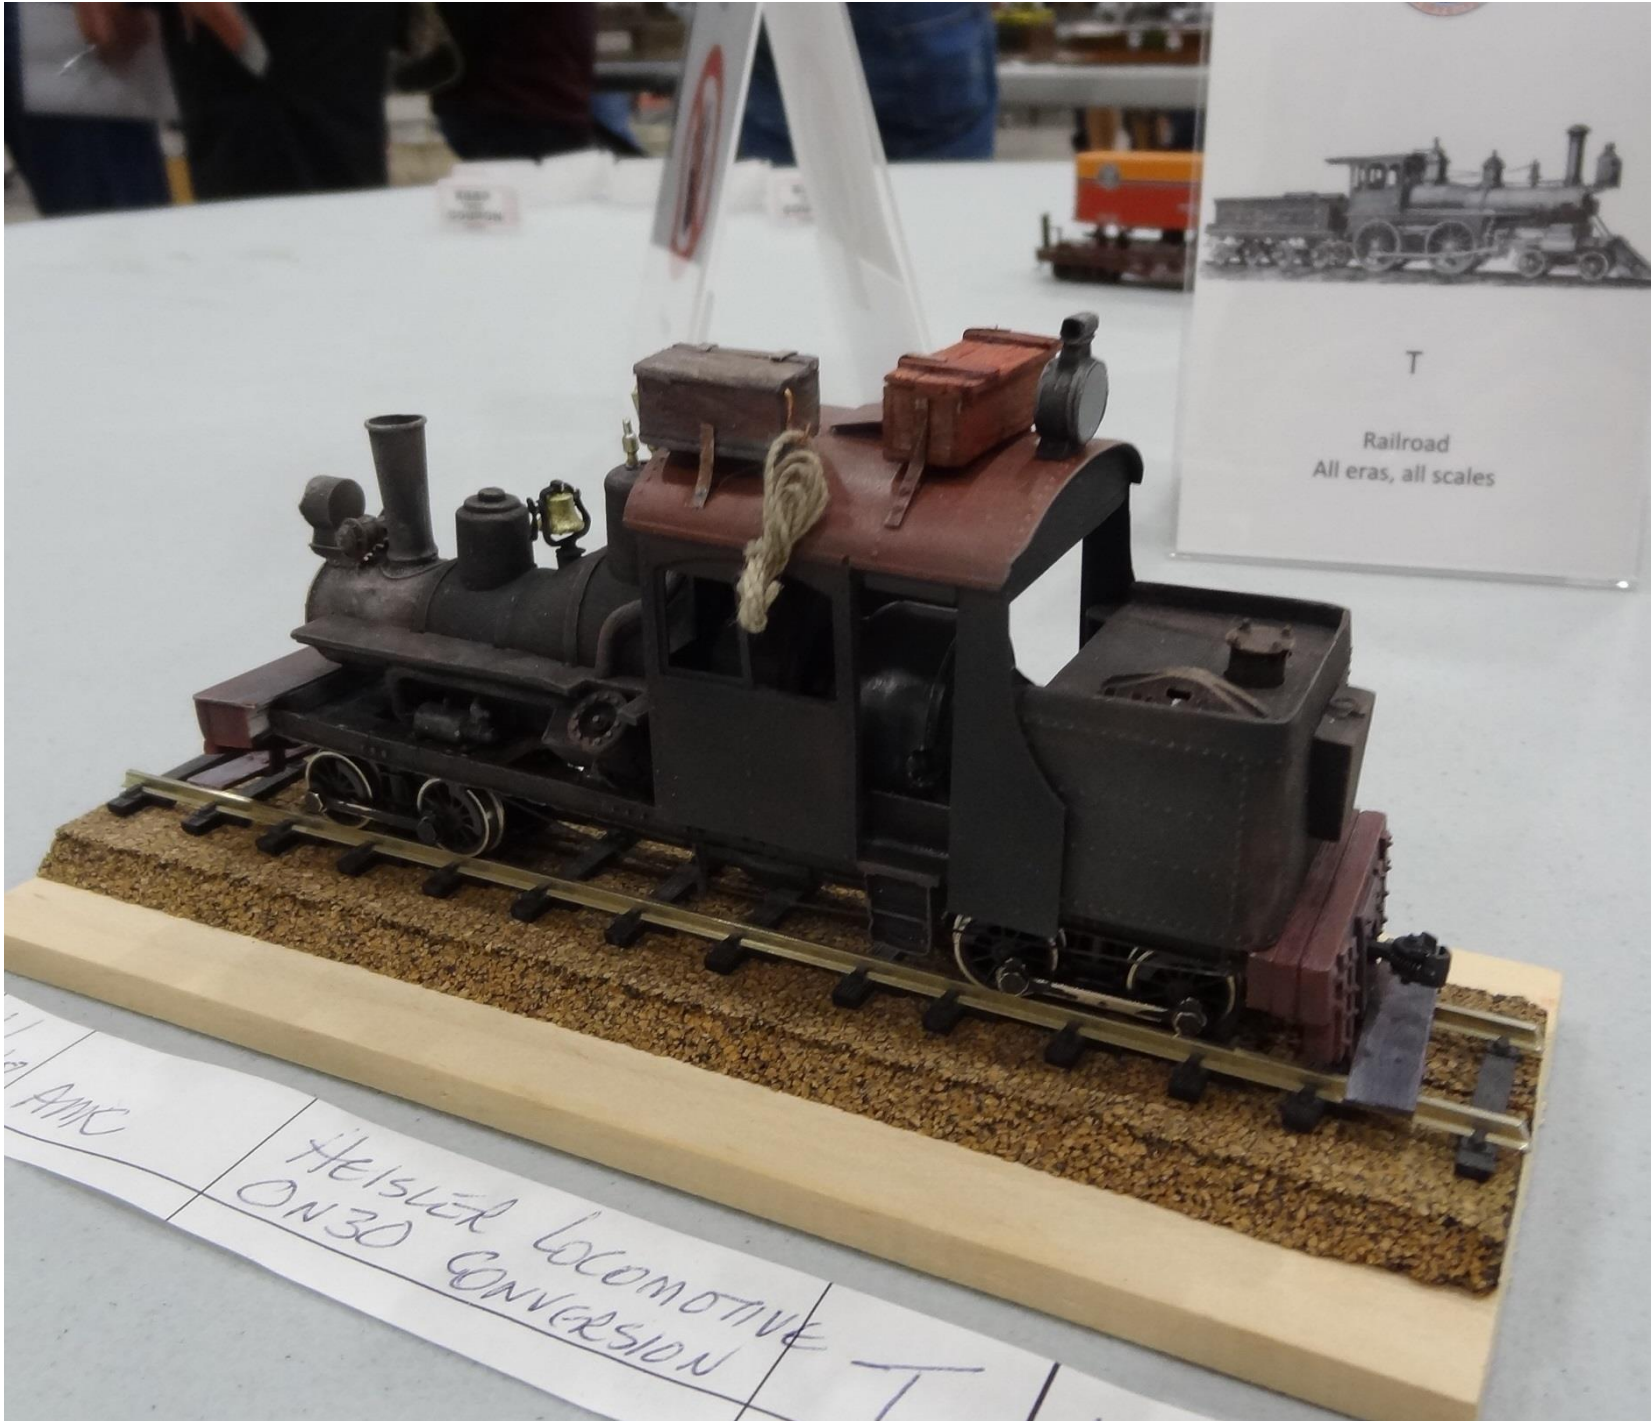

For those who aren't familiar of Silver Wings club events, there's the double entendre in offering of "Railroad" as contest category.

Our hobby roots in Scale Rail with much commonality even today. Plus, Sacramento is the home of the CA State Railroad Museum

Plenty of vendors, plenty of friends, plenty models to look at. As good as it gets in all the aspects that make our shows something to look forward to 😊

All eras, all scales

Here in the Editor's opine, are three fine examples of how "the original scale modelling machines hobby" still captures in combine, the essence of it all.

History, detailed rendering in miniature of mech and form, range of subject and colorful possibilities, plus chance for modeler to express his own individuality of talents in choice, execution of subject even when a "mass produced" or "everyday" item is it.

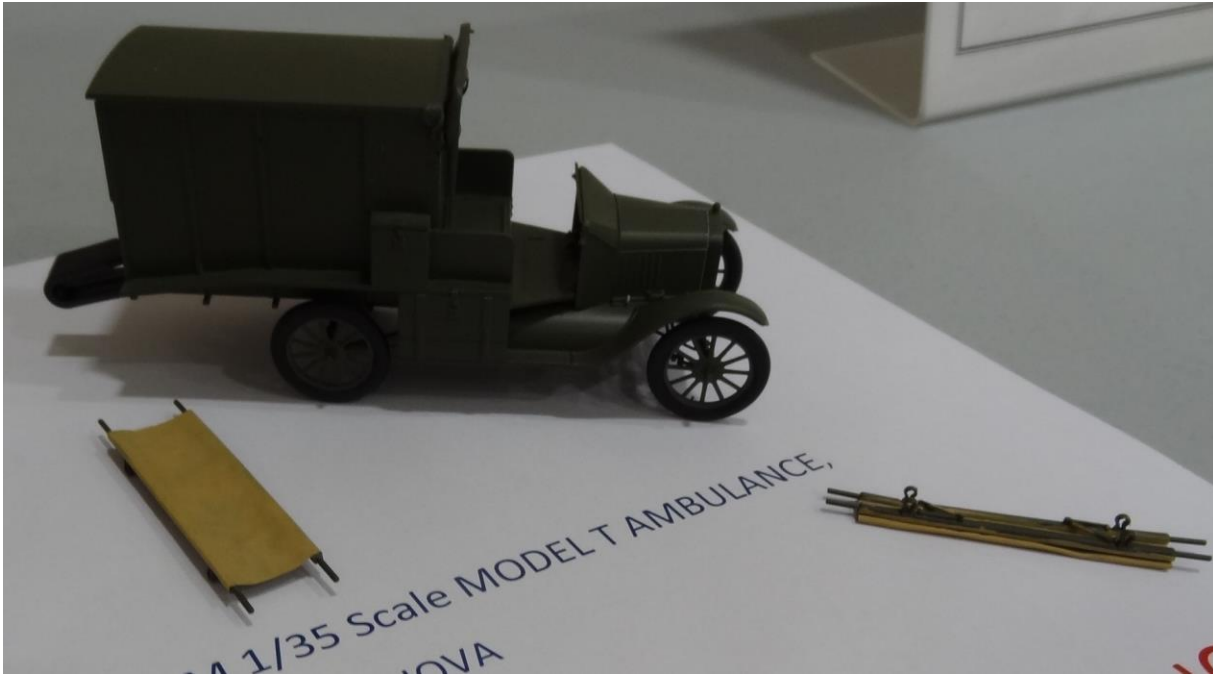

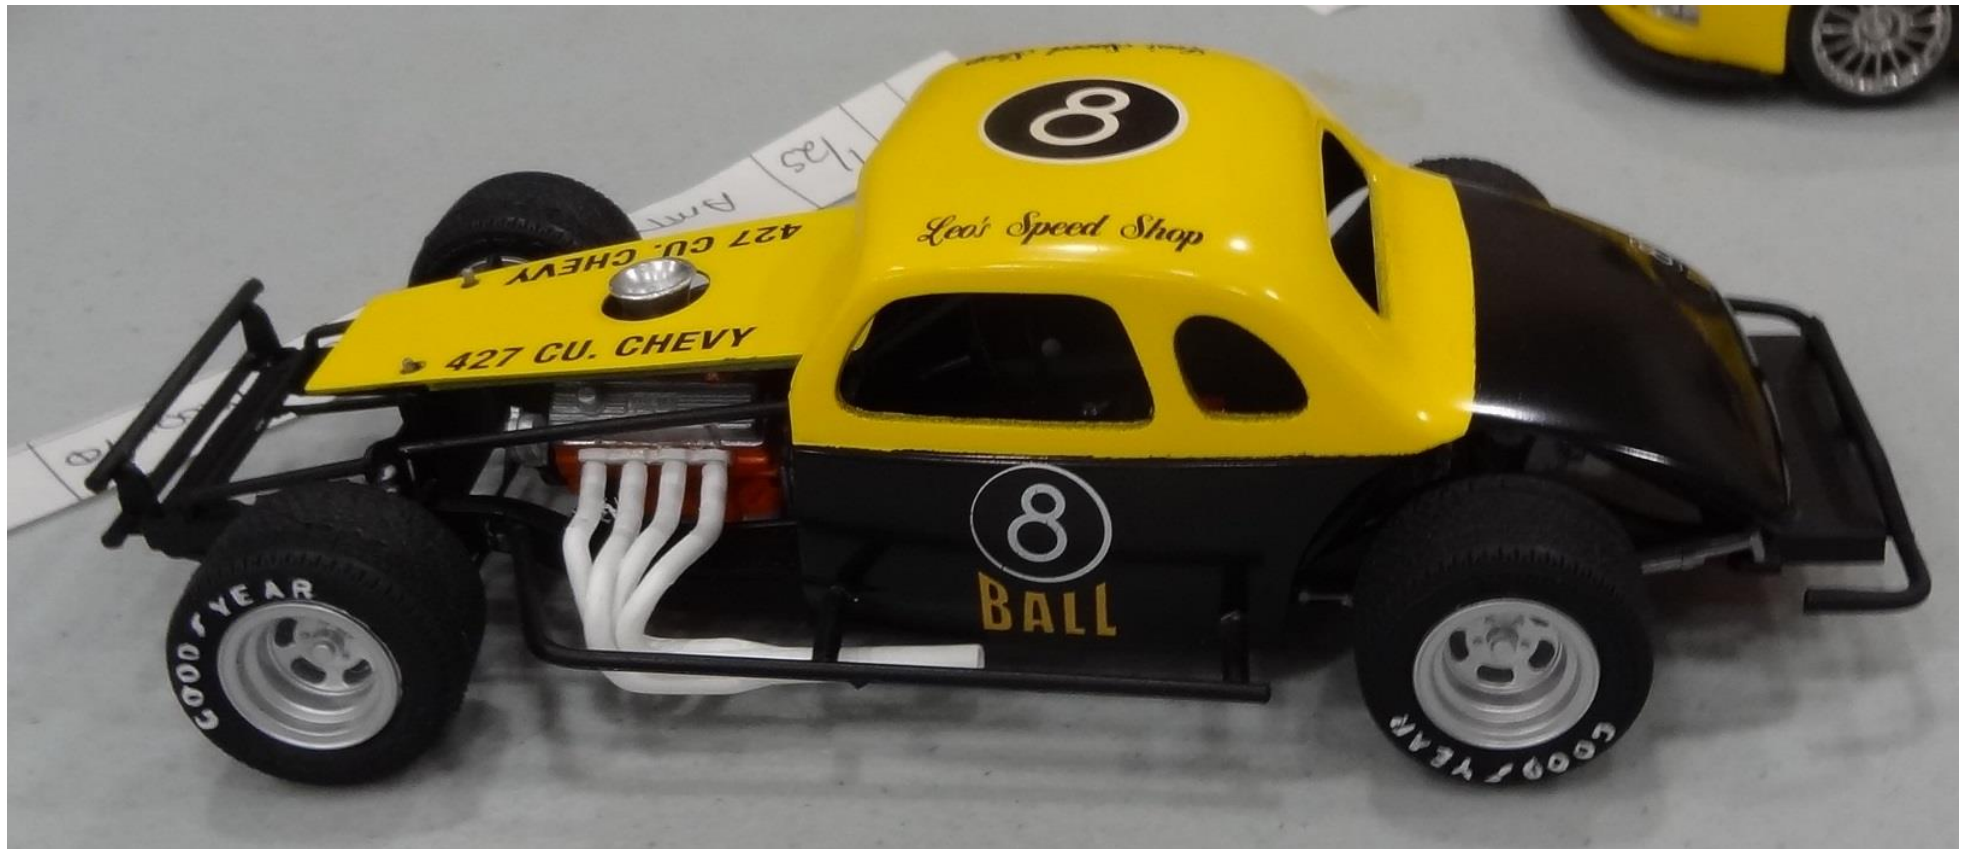

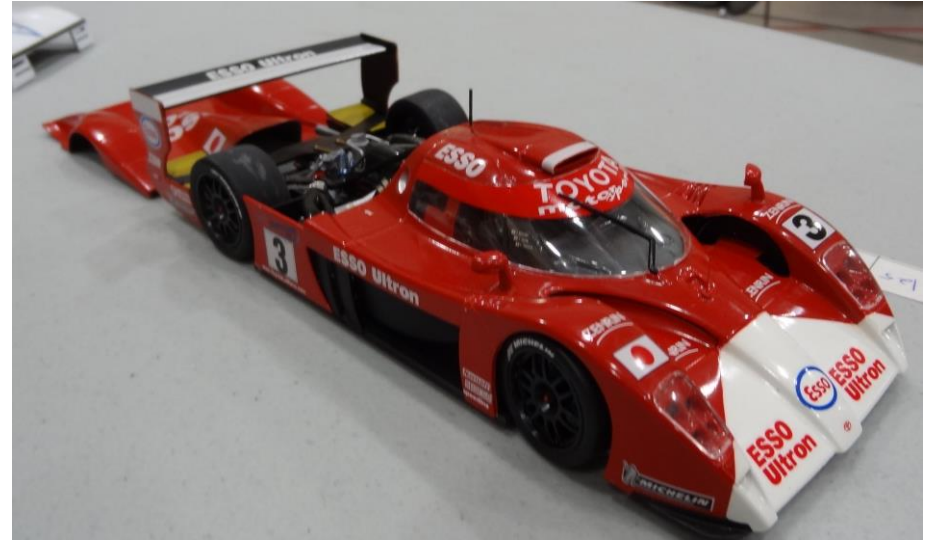

“Cars” indeed, could almost be said as signature double of the Sacramento show, for that city also is home to a splendid big California Automobile Museum.

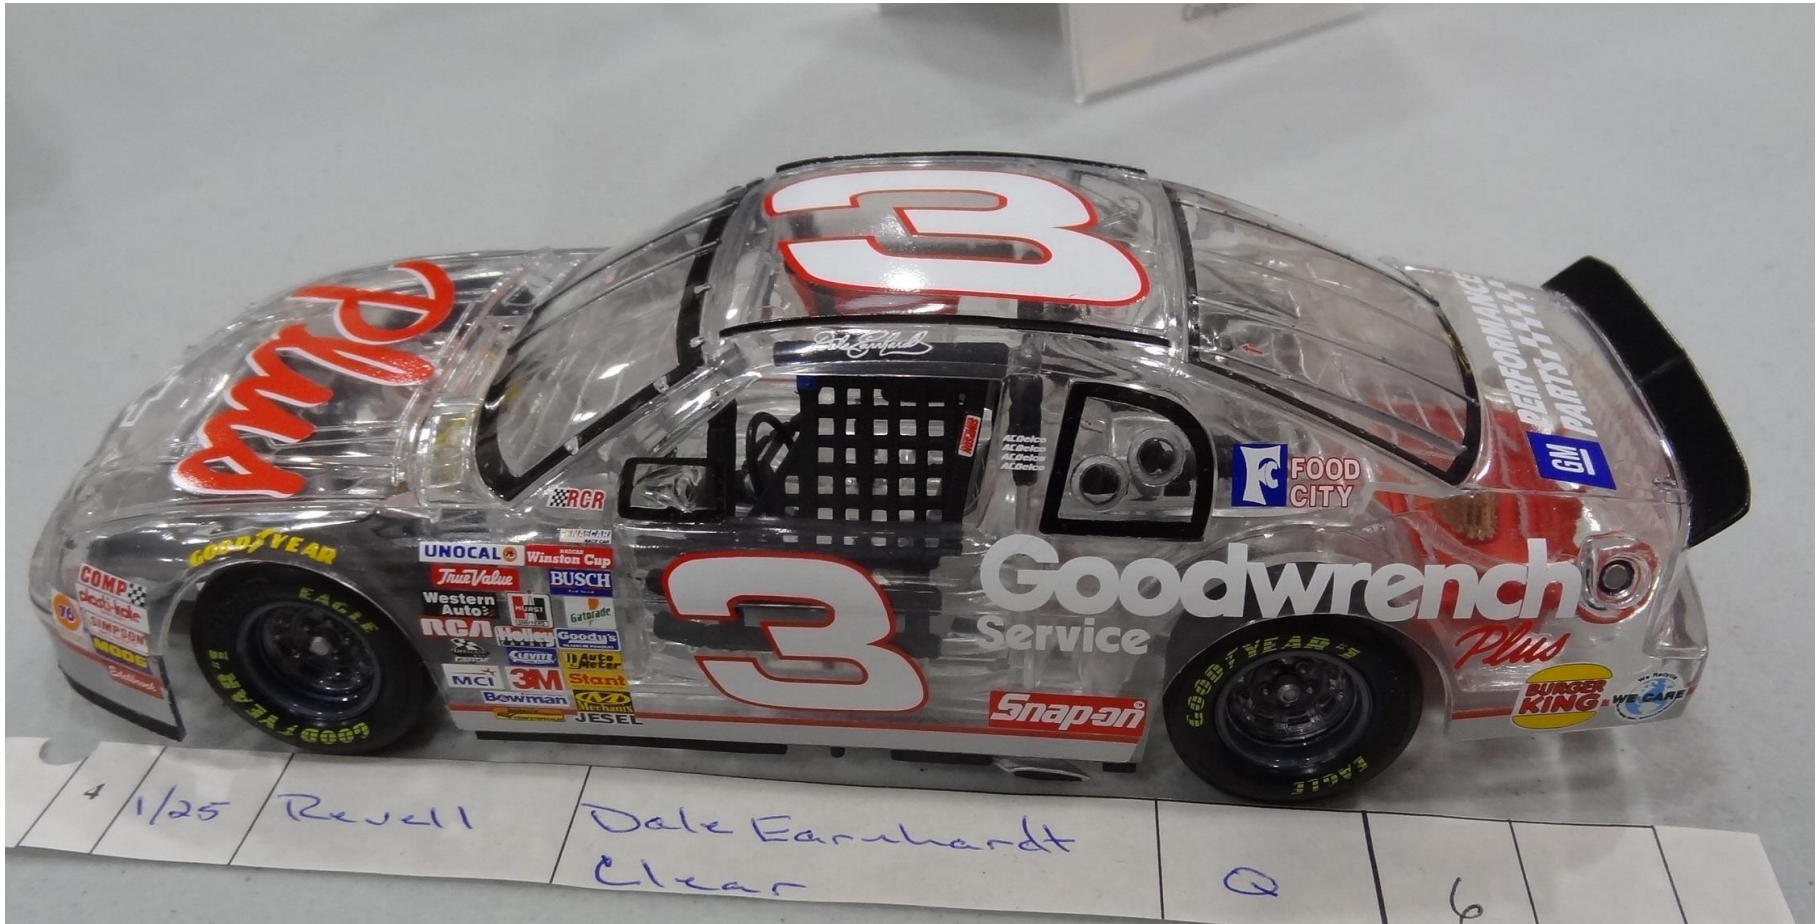

Seems that this year’s Silvercon had its own moment in the sun on that score. The range of history and types of auto models in competition, scale rivalled museum !

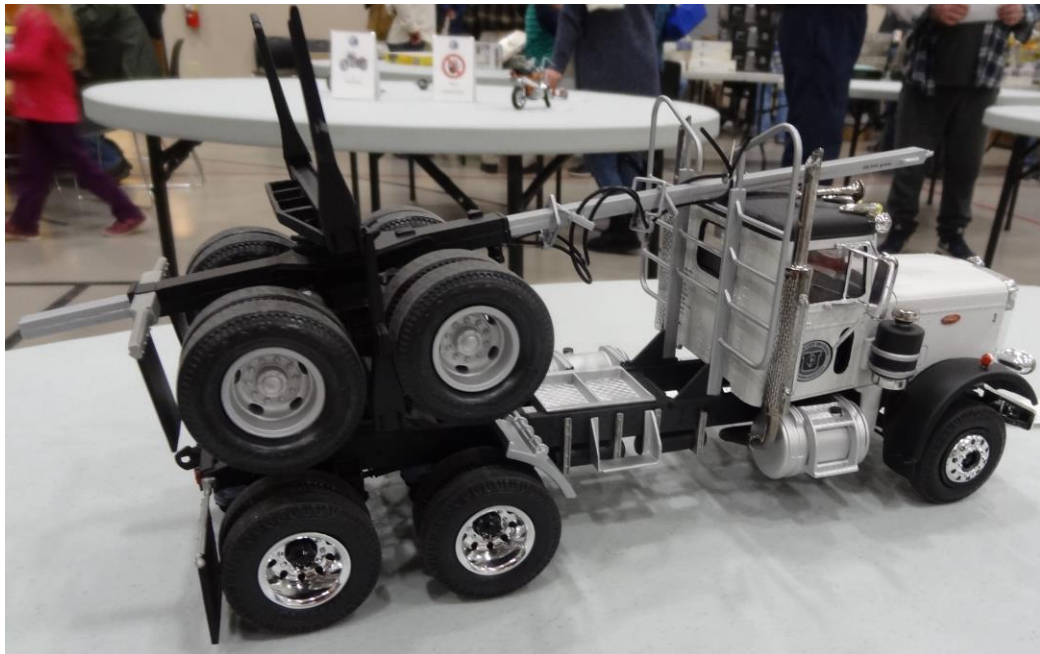

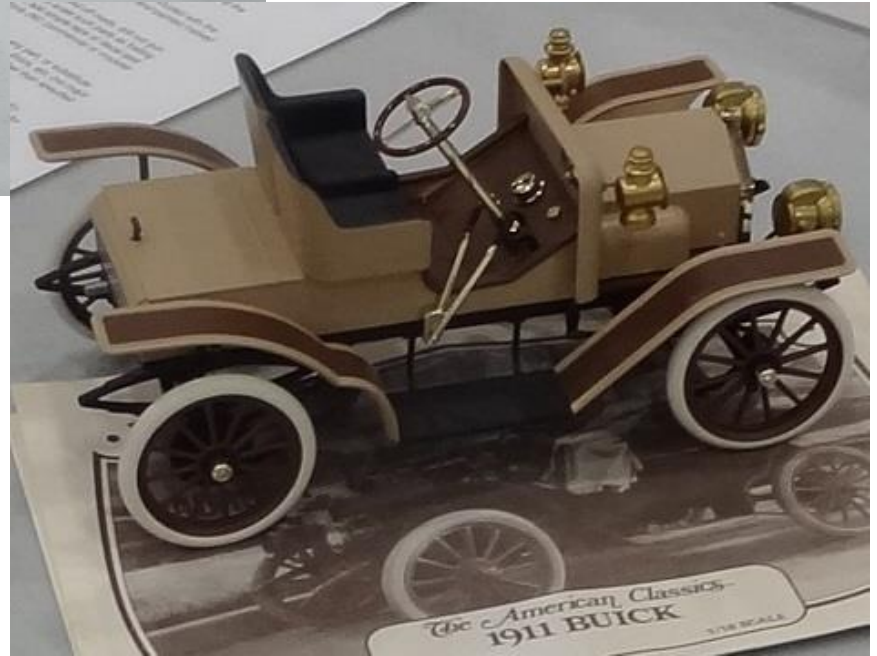

The variety in Stock vehicles this year was especially lovely this year, what with old Model T, Logger Truck/Trailer, Toyota Land Cruiser, Jeep Rubicon, Ford Boss 429, Shelby Charger, Pontiac GTO, ZR-1 Corvette, Chevy Fed Ex Van among them. Then, for a complete change in wheels...

This is a fairly new release, and only recently known it even existed to this Editor, in scale or 1/1 form. A different "USAAF" subject, to be sure ©

Although we Free Hornets didn't manage to captain our own Gruppe Build for 2016 for entry at Silvercon into Collections category, there was definitely a "gaggle of airliners" present in the specific category.

The Editor was especially enamored of the Fuji Dream Airliner, below

The Biplanes category wasn't underserved either, and had another favorite.

This is a 1:48<sup>th</sup> scale Sopwith Schneider by Special Hobby, which has undergone conversion to the single seat Sopwith Baby scout/recon/fighter. It was used as an “Anti-Zeppelin” solution to some success. This particular schemed aircraft served on the World War One Palestinian Front

Looking across tables found no lack of aircraft model entries in several categories. Above, Free Hornet Gabriel Lee dominated in 1/72 Jet with FIVE single engine jets as you see above. He ended up rewarded, too !

Gabriel had a gaggle of Latin American single engine prop fighters on table as you see below . There was a fairly new to circuit entrant from Vacaville whom I met, Mr Jim Rollison, here's his Revell AEW Shackleton :

Interestingly, not all the tables of aircraft models to be seen at Silvercon 2017 were entrants, for instance this group of 1/72<sup>nd</sup> scale lovelies, below, are part of the Warbirds Hobby vendor table, these are builtups offered for sale . Not often seen built up are several, and those two Lockheeds are particular favorites. Editor would bet on the likelihood it's also a small number of show regulars who've seen Supermarine Walrus, F7Us often ...

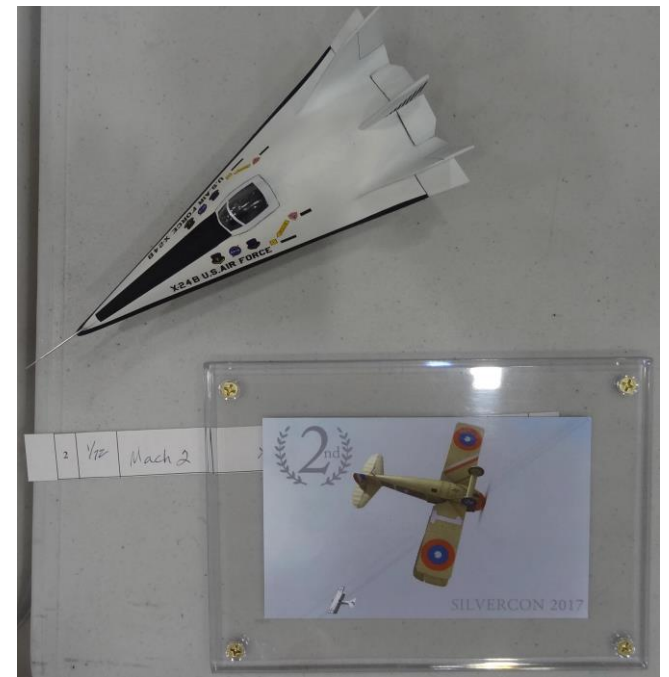

Okay, to close out this second and last look by the Editor at Sacto's Silvercon 2017, two more Free Hornet's works (Bob Meyers and Ben Pada) in the Armor divisions (and congratulations to Free Hornet Dave Parks who won in the Armor cats, too) with USA Chaffee, German Panther and Soviet T-55 in Middle Eastern national service. Then some award shots

Somewhat hidden yet you can still be getting an idea of flavor and style, the 3<sup>rd</sup> place "Sandwich" award that is below Gabriel Lee's FAC Sabre.

Gabriel had a somewhat interesting route taken in getting this award, as fellow Free Hornet Jim Priete got the nod at announcement for this winning. It was quickly resolved and on we go.

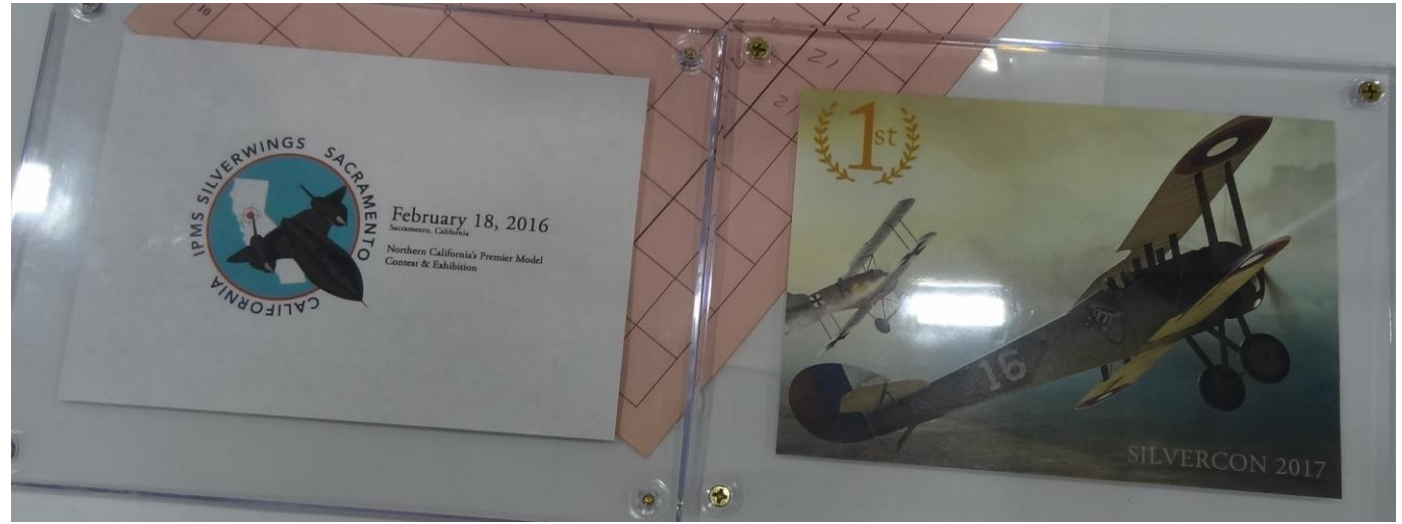

Jim Priete won THREE awards with three entries, here is an example of 2<sup>nd</sup> place "sandwich" with his Mach 2 kit X-24. He deserves award for building this model in first place!

The Editor (as veteran Contest Director) appreciates Silver Wings use of sandwich awards (the proper name if you order is “4 screw card holders, acrylic”, # x # size) over the years, as he also chooses to use.

Also appreciated is that these show that a typo slipping in best fashion to rue later, is shared by us all. On the right, a sample of 1<sup>st</sup> place sandwich, with the common “flip side” to all three award sandwiches.

Note the date prominently featured, with a friendly impish reminder how little bits can still go awry. Collector ‘s item stuff !

Now on deck of someone’s fine USS Fletcher class, we sail into blessed history for this event.

## LOOKING BACK AT FORTY – *Hornets Aplenty, R-9 Event Dreams too*

Yes, 2017 marks the 40<sup>th</sup> year for charter of IPMS/Fremont Chapter, Region Nine of the International Plastic Modeler's Society, USA aka "The Fremont Hornets" or as President/Editor likes to refer, "Free Hornets". While this Editor hasn't been a member for the entire span, he has been lucky enough to be friends with some who have. Also, known several of the Hornets who will be part of this continuing series on our history.

### PISMO BEACH

Region IX R.C. John Dahlquist came all the way up from Pacific Grove to tell our Chapter about the upcoming Region VIII/IX Contest and Scale Model Show presently planned for December 9 & 10 at PISMO BEACH. We were glad to see John pay us a visit. We hope that the Chapter will support the bi-Region project by purchasing one or more \$20 bonds to finance the project, all or most of, which is surely to be refunded, depending on the success of the project. A few bucks could be made for our Chapter, too, if the show is a big success. I'm sure that John will get our support, and he is also going to see some contest competition come from this group too. Sounds like a good IDEAL. Possibly could be a most interesting week-end. We will have more details on this later as things develop, such as map, motels, etc... Your Editor will try and keep you posted as John gets the info to him.

IPMS/FREMONT NEWSLETTER Vol. II No. 2 AUGUST 1978

### SELL-A-THON!!

Bring out your good stuff! If you have found yourself with sagging bookcases, bulging closets, and no more space in the cubby hole, now is the time to move it out (in order to make room for more good goodies) and help make the Chapter make some expenses at the same time. Bring items you wish to sell to the August meeting. Pat Wells will hold a SELL-A-THON and you donate 10% of what you get to the Chapter Treasury. Pat will need to know what the minimum price is that you will accept for your item/s. We will also have some items for an auction, so bring in anything you wish to donate to the auction. All proceeds go to Chapter. Be sure and keep Auction items on table separate from the SELL-A-THON items. Tables will be marked.....

### MORE PROP 13

Centerville Library has reopened on very short hours basis - Wed. 2-5:30pm/6:30-9:00pm, Thurs. 10am-1pm/2pm-5pm, Satur. 10am-1pm/2pm-5pm. There is to be a final budget approval sometime this month, then, perhaps, hours will be extended and we may be able to get Centerville Library meeting room back. It would be either the September or October meetings, however, that we moved back. Watch the Newsletter. We'll have more on this later.

*BRING ARMOR MODELS TO August Meeting*

Fremont Hornets continued success with Guest Speakers accompanied by A/V materials, as you can read in this thanks to July 1978's guest. **Armor** was the emphasis theme for upcoming August 11 1978 meet, a shock I am sure to those who think "Hornets are an airplane modeler club, only,,"

=====  
THANKS to our JULY Guest....

Our thanks to Mr. Carter Zon who gave us a memorable evening with films, slides, a discussion and some memorabilia of his experiences as a Marine fighter pilot. We appreciate his taking the time to come all the way from Livermore to talk to us. We wish him best of luck and hope that he will be able to visit us again. Thanks to Richard Hobbs, who regularly attends our meetings, and who arranged for Mr. Zon to visit. Richard, at the end of the meeting, presented Mr. Zon with a model 1/32nd A4 very nicely detailed and finished in the colors as previously flown by Mr. Zon. Nice going Richard! It would be great if we could thank all our guests in this manner.....

CONVENTION:

Have received no info on the 1978 Atlanta Nationals. Maybe we will have something by meeting time..... and so very timely in its own way, as the club that put this out there is celebrating their Golden Anniversary this year. Hats off to Monterey Bay:

.....  
AUGUST MEETING: .....  
.....AN ARMOR MONTH.....

We have three ARMOR films for August...2 Combat Bulletins, and one TV Big Picture film about the Battle for North Africa during WorldWar 2..... We will show what we have time for. The SELLATHON will take most of the time most likely, and perhaps Norm Engel will have one of his excellent HOW-TOS.. Of course we will have a big RAFFLE with prizes this month provided by....

Another look too, above, at days long ago when we had another hobby shop likely unheard of to many of you readers today. Notice the drawing on the business card is a locomotive, as mentioned in earlier article on Sacramento model show, our roots in this scale model hobby originate in that of scale rail.

On the left one may see how active summer weeks were and how this Club managed to be involved in some of that.

Okay then, having lead with a pointer to "details when available" for a rarely achieved but oft enough dreamed "two day scale model gig" out here in the Western regions, this one having been planned for by those on the seaside who'd already managed to do so on their own by then...

Ahead of that, thanks again to "the guy with the funny mustache" as he was noted in August '78, Mr Cliff Kranz, for having this to share; Hats off to Monterey Bay:

# International Plastic Modelers Society United States Branch

MONTEREY PENINSULA SCALE MODELERS  
IPMS/MONTEREY, A CHARTERED CHAPTER OF  
THE INTERNATIONAL PLASTIC MODELERS SOCIETY  
UNITED STATES BRANCH  
REGION 9

To the membership of all Region 8&9 chapters:

For the past four (4) years now, our chapter (IPMS MONTEREY) has very successfully hosted THE ANNUAL CYPRESS SCALE MODEL SHOW.

Having this experience and know-how for the hosting of this kind of affair, we are in the process of putting together another show for later this year, that we hope will be the sort of show that you will all want to come to. The main purpose of this show will be to bring together the modelers from all the chapters in both REGIONS 8&9 for a weekend of good times where we can renew old acquaintances and make new ones, talk some shop with modelers of other areas, and get involved in a bit of friendly competition with the planned contest that will be the center feature of this event. For too long now there has been very little contact between our respective Chapters and Regions, and we here on the MONTEREY PENINSULA, feel that now is the time to get back together.

HERE ARE THE DETAILS:

DATE: DECEMBER 9&10 (SATURDAY and SUNDAY) 1978.

PLACE: PISMO BEACH CALIFORNIA. WHY PISMO BEACH? Our choice was prompted by two things. One being that SAN LUIS OBISPO COUNTY is the border between the two Regions. True, PISMO BEACH is indeed south of that border, but if you examine a map of CALIFORNIA, you will see that the only real areas on the true border are the middle of CAMP ROBERTS, where there is nothing, the bottom border of FORT HUNTER-LIGGETT, where there is also nothing, and several small towns SAN MIGUEL, CHOLAME, DEVILS DEN, AND DELANO, JUSTABOVE BAKERSFIELD, all of which have less to offer and are less pleasant than PISMO BEACH. The second reason that we chose PISMO BEACH, is that one of our members lives in PISMO BEACH and has a hobby shop, BIGFOOT HOBBIES. Since this member lives in PISMO BEACH, he and his wife have been most helpfull in doing our leg work in getting the place to hold the show, BANQUET FACILITIES and MOTEL ACCOMODATIONS.

SCHEDULE OF EVENTS: SATURDAY DEC. 9: MODEL CONTEST - MODEL REGITRATION FROM 12 NOON TILL 6:00PM. 6:00PM TILL EXHAUSTION - JUDGING. ALSO PLANNING NO HOST RECEPTION FOR SAT. EVE AT RESTAURANT WHERE BANQUET WILL BE HELD ON SUNDAY MORNING.

SUNDAY DEC. 10: 8:30 AM TILL 12 NOON BREAKFAST BANQUET AND AWARDS CEREMONY. PLACE TO BE ANNOUNCED.

#### CONTEST CATEGORIES

JUNIOR:

AIRCRAFT: 1/72 and 1/48.

VEHICLES: ALL SCALES, SUBJECTS, AND TIME PERIODS.

OPEN CATEGORY: ANYTHING NOT COVERED IN THE PRECEEDING DESCRIPTIONS.

*By Modelers - For Modelers*

SENIOR:

AIRCRAFT:

PRE WORLD WAR II: 1/72 and 1/48.

WORLD WAR II: 1/72 and 1/48.

POST WORLD WAR II: 1/72 and 1/48.

SENIOR SPECIAL: VAC-U-FORMS, SCRATCH-BUILTS, CONVERSIONS.

SENIOR AIRCRAFT: 1/32nd scale, ALL TIME PERIODS.

SENIOR MILITARY VEHICLES: 1/72 and smaller, 1/48 and larger.

SENIOR SPECIAL FOR MILITARY VEHICLES: VAC-U-FORMS, SCRATCH-BUILTS and CONVERSIONS

SENIOR DIORAMA: ALL SUBJECTS, SCALES, TIME PERIODS.

SENIOR OPEN: WILL CONTAIN ANYTHING NOT ALREADY COVERED IN THE PREVIOUS LISTINGS.

MASTER CATEGORY:

AIRCRAFT: ALL SUBJECTS, SCALES, TIME PERIODS.

MILITARY VEHICLES: ALL SUBJECTS, SCALES, TIME PERIODS.

OPEN: TO INCLUDE ANYTHING NOT COVERED IN THE PREVIOUS LISTINGS.

AWARDS: TROPHIES WILL BE AWARDED IN 1st thru 3rd PLACES IN EACH CATEGORY.

HONORABLE MENTION AWARDS WILL ALSO BE AWARDED.

BEST OF SHOW TROPHIES WILL BE AWARDED IN THE FOLLOWING CATEGORIES:

MASTER, SENIOR, JUNIOR.

OVERALL BEST OF SHOW (GRAND CHAMPION OF SHOW) WILL ALSO BE AWARDED TO THE MODEL THAT THE JUDGES FEEL IS THE BEST OVERALL ENTRY.

FOR THIS SHOW TO BECOME A REALITY, THERE ARE 2 THINGS THAT YOU (THE CHAPTER) MUST DO.

1. HELP WITH FINANCING: THIS CAN BE DONE BY THE PURCHASE OF 1 OR MORE \$20.00 BONDS. THIS \$20.00 WILL BE RETURNED, TO YOU (THE CHAPTER) PLUS OR MINUS YOUR PROPORTIONATE SHARE OF ANY SURPLUS OR DEFICIT.
2. BRING LOTS OF MODELS TO THE CONTEST!

Yes, you're reading that right, "MASTER CATEGORY", which even today gets plenty of "airplay" was well engineered here, "back in the day"

Read on and you will learn that all this came from the hard working team of Monterey Bay and one of their members specifically who was then the Region Nine RC, making this effort in pretty professional manner with some convincing depth of recent experience and smartly, a real deadline!

This questionnaire was the final portion of this double sided single sheet communique outlining well this ambitious dream for a Region 9 & 8 event

### QUESTIONNAIRE

PLEASE TAKE THE TIME TO CAREFULLY GO OVER THESE QUESTIONS, AND USE THE ENCLOSED SELFADDRESSED STAMPED POST CARD TO ANSWER THEM ON.

1. APPROXIMATELY HOW MANY OF YOUR MEMBERS WOULD ATTEND THIS SHOW?
2. WHAT IS THE APPROXIMATE TOTAL NUMBER OF MODELS YOUR MEMBERS WOULD BRING?
3. HOW MANY BONDS WOULD YOUR CHAPTER PURCHASE?

WHETHER THIS SHOW COMES OFF OR NOT DEPENDS UPON YOUR GOODWILL, FINANCIAL SUPPORT AND THE QUICK RETURN OF THE SELF ADDRESSED STAMPED POST CARD WITH YOUR ANSWERS ON IT FROM THE QUESTIONNAIRE. WE WILL NEED THE POST CARD RETURNED TO US NO LATER THAN SEPTEMBER 1st, 1978.

IF YOU HAVE ANY QUESTIONS PLEASE WRITE TO ME:

**YOU CAN READ IN NEXT ISSUE of The TIME MACHINE how this all hard work and prep came out in end. Right now, it's "cleanup and wrapup time" for this edition. First item on agenda there: A clip from "supplement handout" by Editor Mal Emhart, from early summer '78**

This clip was in middle of full page handout done for passage to members in May 1978 which covered many local items of interest for June/July '78

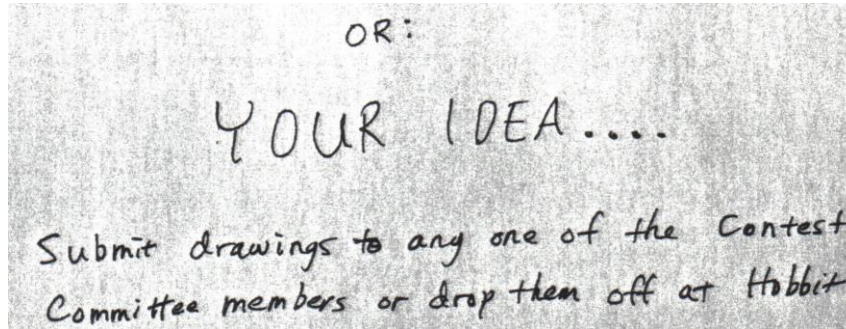

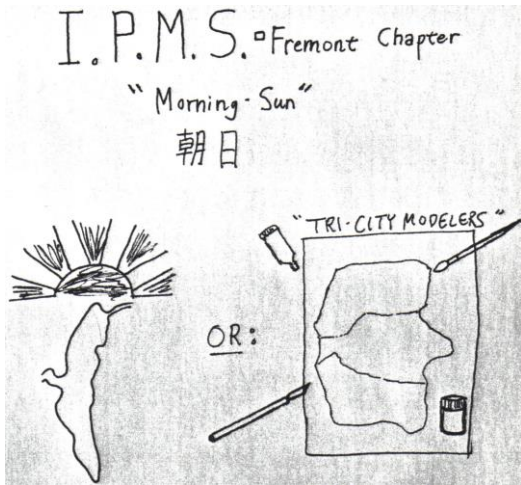

On Friday evening, June 16th, at 7:30 pm, IPMS/San Jose has a meeting at Leininger Community Center in Kelley Park, San Jose. Its at the intersection of Story Road and Senter Road. Take US101 to San Jose and exit at the Story Road exit westbound. Their guest is scheduled to be an SR71 (Lockheed super-duper recon and speed ship...also known as YF12A "BLACKBIRD") pilot with a film and talk on SR71 flying...DON't MISS THIS ONE!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Just to make sure that one doesn't get impression that only the Fremont Hornets were cornering the "cool guest speakers" all during this time...

**NOW WE HEAD ON OUT PLANNING NEXT TO CONTINUE LOOK AT THIRD QUARTER OF FREE HORNETS, 1978 ...**

BUT FIRST, the "rest of the puzzle story" from an earlier Time Machine teaser, which honestly, Editor has doubts will shed too much light on "the full answer" of when and where this fits in our 40 years of Hornets

It's very informative in this manner stating clearly "OR: Your Idea"

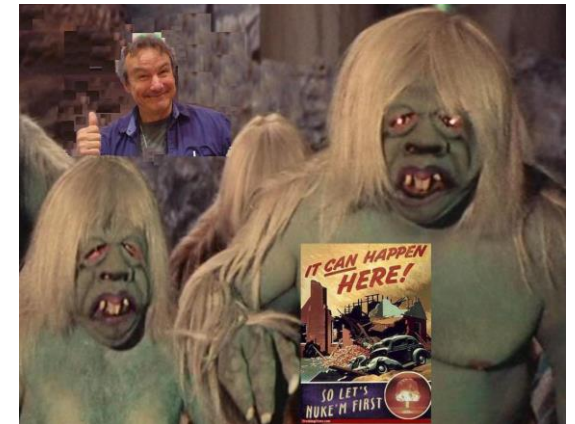

Two former Presidents of our club could easily shed more than Morning Sun on all you see here...if you can find them ☺

On return, WE BEGIN IN SEPTEMBER of 1978... Again, may surprise some

Wha? The ALERT Horns sounding?

OH MY, appears my time here is up, must join with associates for a look to the future...

See you next issue - mickb

Across the nation, more than 5,000 members of the International Plastic Modelers Society, United States Branch, go to individual chapter meetings regularly.

They talk about the construction of aircraft, ships, armored vehicles and equipment, space vehicles and fantasy device models such as those seen in motion pictures.

Last weekend, the Fremont Chapter modelers set up an exhibit at NewPark Mall in Newark for public viewing.

Members construct models from kits or from scratch, or a combination of both. Besides the hours spent building the model, modelers work many hours researching color schemes, markings and modifications to duplicate the original exactly and scale it proportionately.

Mal Kishart and Norm Engel founded the chapter, which was chartered in April 1977 through the work of Jay
