

The Monterey Bay Muddler

Five wise guys, er uh men, discuss the Club's future administration...

The International Plastic Modelers Society Central Coast-Monterey Bay Chapter held its monthly meeting at the Monterey Public Library Solarium on Sunday, October 6, 2019 at 1:30 p.m. Present were Vice-President Larry Marcum, Secretary Lee Marcum, Treasurer David Conneau and members Ramon Lomeli, Oliver Lomeli, Robert Kreyenhagen, Tom Leutzinger, Anthony Moltini, Sean Bybee and (a new face) Larry Manzano. Larry Marcum called the meeting to order at around 1:50 p.m. Before conducting any new business, the first topic of interest was the latest word on our Chapter President, Lester Tockerman's condition. We are happy to report that everything is going well, his numbers are up, his weight is 40lbs lighter and while he still tends to tire easily and complain of low stamina, he is feeling better every day. On a scale of 1 to 10, Lester feels like 12! So feel free to give him a call [(831) 394-4940] to rattle his cage and yank his chain.

Passing the Torch

First Order of Business was the selection of new officers for the coming year and despite Russian interference the following were elected:

President: Larry Marcum

Vice-President: Lee Marcum

Secretary: Sean Bybee

Treasurer: David Conneau

The entire affair was witnessed by the largest Inaugural crowd in recorded history.

New Business

President Larry Marcum's first official act was to suggest that the Chapter attempt to present a better impression by employing a more structured agenda at our meetings. We could utilize a format similar to the model websites we browse; Hyper Scale, Modeling Madness, CyberModeler, Old Model Kits, AeroScale, etc.; what's new, latest kits, upcoming events, modeling techniques, oldies but goodies, etc.

Treasurer's Report

As of October 6, 2019, the chapter Treasury has a balance of \$185.94.

There being no further business we went to...
